10 LC 94 1694

House Resolution 1115

By: Representatives Heckstall of the 62<sup>nd</sup> and Brooks of the 63<sup>rd</sup>

## A RESOLUTION

- 1 Recognizing the challenges facing Georgia and pledging to address key issues to improve
- 2 the lives of all Georgians; and for other purposes.
- 3 WHEREAS, the members of this body recognize that the major issues that must be addressed
- 4 during this legislative session are water, annexation, revenue, and transportation (WART);
- 5 and
- 6 WHEREAS, WART effects individuals, families, and businesses throughout Georgia, and
- 7 reaching a consensus in the legislature on these issues is vital to the future of this state; and
- 8 WHEREAS, similar to growths on an individual's body, if ignored and untreated, WARTs
- 9 can spread to other areas and infect the entire organism; and
- 10 WHEREAS, water is necessary to the survival of all life; the ongoing legal actions and
- 11 negotiations between this state, Florida, and Alabama will impact the future of this state;
- 12 although different geographic areas of Georgia require different amounts of water, it is
- important to remember this entire state is connected, and adequate access to water should be
- 14 afforded to each city; and expansion and growth is necessary for Georgia to compete with
- 15 its neighboring states, and water is needed for both existing and future residents of this state;
- 16 and
- 17 WHEREAS, annexation is not the answer, and the proposed annexation of an area of Fulton
- 18 County to create Milton County would have a serious detrimental effect on Fulton County
- and this state; the creation of Milton County would diminish Fulton County's revenue and
- 20 cripple the county's ability to provide adequate services to its businesses and residents; and
- Fulton County is the home of this state's capitol and serves as a major hub for this state's
- business, and an annexation of residential taxpayers in this county would negatively impact
- 23 the infrastructure of this important county; and

10 LC 94 1694

24 WHEREAS, revenue in this state has decreased due to the national economic downturn; the

- 25 Georgia Constitution requires a balanced state budget, and tough decisions must be made in
- order to achieve this mandate; and legislators will need to carefully consider what services
- are vital to this state and remain focused on crafting legislation that will help bring new
- 28 sources of revenue to communities; and
- 29 WHEREAS, transportation problems and congestion have grown exponentially over the last
- decade, the State of Georgia needs safe roads to protect residents and visitors, and decreasing
- 31 commute times through the development of alternative modes of transportation and the
- 32 improvement of the current roadways will attract new residents to this state and improve the
- 33 economic health of this state; and
- 34 WHEREAS, members of the Senate and the House of Representatives must work together
- 35 to address the WART that effects the future of Georgia and her businesses and citizens; and
- 36 WHEREAS, party lines and politics must be left at the door this legislative session; and
- 37 creative solutions, studious collaboration, and serious compromise will remove the WART
- 38 from this state.
- 39 NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES that
- 40 the members of this body recognize the key issues that must be addressed this legislative
- 41 session, water, annexation, revenue, and transportation (WART), and pledge their
- 42 commitment to improving the lives of Georgians by solving these problems.
- 43 BE IT FURTHER RESOLVED that the Clerk of the House of Representatives is authorized
- and directed to transmit an appropriate copy of this resolution to members of the public and
- 45 the press.
